MYKONOS

With its classic, white-cube Cycladic houses and exquisite squares, Mykonos is the Greek island of the imagination. Add a generous helping of cool bars, serious clubbing, glamorous restaurants, people worth watching and arguably the best beaches in the Aegean (some gay, some nudist), and you have the perfect formula for hedonistic heaven.

STAY Bill & Coo has two locations in Mykonos, one is a stone's throw from the Old Town, the other a little further at Agios Ioannis, but both are serene and Miami-cool, with a minimal mid-century vibe and sun terraces to be seen at. **FROM £365 A NIGHT; BILL-COO-HOTEL.COM**

Cool clubs and restaurants make Mykonos a haven for hedonists.

Clockwise from top: Bill & Coo's impressive Honeymoon Suite; mid-century style in its Bachelor Suite; the hotel pool has a view to die for; there's something for everyone on beautiful Mykonos
